Product Information

These amazing new TRIO-GOLD series LED headlights are revolutionary to the marketplace and have the unique ability to switch from 3K to 5K to 6K in the click of a switch. Using your OEM switches and handle levers, you can trigger a switch of Kelvin colors desired for the best performance of sight. Imagine driving down a dark clear road at night and you use the 5K pure white for the best light output to see down the road or trail. Then you come to a low valley and it is extremely foggy and hard to see, you can power on/off and instantly you have 3K gold lighting to cut through the fog and give you optimal visibility. Quick specs include: -2,200-4,000 LUX (8,000 Lumens per set) -56-Watts -Switchback Quick Pulse Technology -3 Kelvin options on Single Beam and 2 Kelvin Options on Dual Beam -Micro-fitment design for versatile installation -1-year warranty -3K Fog cutting technology Other Features: · Color temperature: 3000k, 5000k, 6000k · Input: 9-32V · IP67
