Product Information

Introducing the CBALLAST-CAN35W Spare Ballast for CANBUS Super SLIM HID Kits - the ultimate solution for drivers who demand the best performance from their vehicle's lighting system. With the CBALLAST-CAN35W, you can upgrade your HID lighting system to achieve maximum brightness and clarity, without worrying about compatibility issues or electrical malfunctions. The CBALLAST-CAN35W is specifically designed for use with CANBUS Super SLIM HID Kits, ensuring a perfect fit and optimal performance. The ballast operates at a power output of 35W, providing a powerful and reliable source of light that will illuminate even the darkest roads with ease. It is also incredibly slim and compact, allowing for easy installation and space-saving. One of the standout features of the CBALLAST-CAN35W is its built-in CANBUS decoder, which ensures compatibility with virtually any vehicle make and model. This decoder prevents flickering or error codes that may occur when installing HID kits in vehicles w
