**Product Information**

Introducing the H4H4CAN H4 In H4 Out Canbus Decoder Kit, the ultimate solution for your car's headlight needs. This innovative kit allows you to easily convert your car's stock halogen bulbs to H4 HID or LED bulbs, without worrying about any electrical interference or errors. The H4H4CAN H4 In H4 Out Canbus Decoder Kit is specially designed to work with H4 bulbs, which are commonly used in many cars today. With this kit, you can enjoy the benefits of HID or LED bulbs, such as brighter and more focused light output, longer lifespan, and improved visibility in different driving conditions. The kit comes with a canbus decoder module that ensures proper communication between your car's computer system and the new HID or LED bulbs. It also includes a pair of high-quality H4 HID or LED bulbs that are easy to install and require no modification to your car's wiring or electrical system. The H4H4CAN H4 In H4 Out Canbus Decoder Kit is compatible with most car models and brands, and it's desi
