Reverse Polarity Marine All-Around Light Operating Voltage Current Draw

Wattage Chip Type Cree IP Rating IP67 LUX

Product Information

Adding underwater lighting to your vessel has never been easier. One small cable hole and a few mounting screws is all it takes. Race Sport Lighting's Surface Mount Underwater LED lights compete with other LED models costing over twice as much. They boast a corrosion-proof, solid stainless steel body with a polycarbonate lens that is resistant to marine growth and does not require bonding or painting. Overheating is not a problem, due to the active thermal management system which manages the unit's light output based on temperature. These lights can be installed below the waterline, and are ideal for transom, hull-side, and many other locations. Compact and with a very slim profile, they can be installed on any size vessel. Our Oval 6x3W Marine Lights have the following features: • Increased output over our 6x1W • Available in 5 output colors (Red, Green, Blue, White, & RGB multicolor) • Surface mount for fast, easy installation. • Completely self-contained, fully sealed, fu
