Product Information

Looking for increased visibility while docking your boat? Wish your boat's deck was illuminated better at night? Marine Sport® Lighting's marine grade single row LED light bars are the perfect solution for providing a blast of light wear you need it, when you need it. Marine Sport Lighting's MS-MRSR50 marine grade single row LED light bars feature high power High Performance diodes producing 21,400 lumens of output power which means extended family activity time on the water and increased safety docking your boat when the fun is done. These light bars are equipped with a combination of spot and flood optics which means you get excellent projection distance without forfeiting functional width of the beam pattern. The MS-MRSR50 is fastened with a rubber grommet and injection sealant to provide IP68 rated defense against water intrusion and environmental attack which means you can land that fish no matter the weather conditions. We also coated the light bar with a durable powde
