Harmonization Code 8512.20.2080 Universal YES Life Expectancy

SEMA Product Light Bar Part Type ID 1069

Reverse Polarity Light Bar Operating Voltage 12-32VDC Current Draw 9.5A

Wattage 100-Watts Chip Type IP Rating LUX

Product Information

The NEW Marine Sport LED Light Bars are a revolutionary way to contour light bars and high power light output to any surface area with a straight or curve appeal. The light bars are designed for Marine use, but can also be used in Automotive, UTV, ATV, Industrial applications where a white colored shell is desired. To make these bars even more attractive, Race Sport uses a white facing tile instead of the common chrome tiles to give this a TRUE "WHITE OUT" look! We use durable and long lasting High Performance 3-watt diodes in these bars and recess them in our long throw opticals for a maximum performance and light output! . Operating Voltage: 9-30V DC 10 watt OSRAM . Color Temperature: 6000K . Lens material: PC . Optional Beam: Combo . Waterproof to 1M Rate: IP67 . Optional Color: Black . Material: Aluminum alloy painting . Mounting Bracket: Alu firm bracket . 50000+ hours life-span 22.25in End-to-End 20.0in Lens Width Area 23.50in Mounting Hole to Mounting Hole 3in Height 3.25in
