**Product Information**

This amazing and stylish 4-button switch button system features blue backlit LED buttons and an array of label options with logos and patterns to select the right light in use. This switch panel is prewired and fused and ready to install in minutes to up to 4 lights or other electronic systems to turn on/off. The 316 stainless steel cover bezel gives this unit a phenomenal look and hides the screw mounts behind the bezel. Great for Automotive or Marine applications.
