

SKU # RS-16A-SUPPLY

Part # 1003758

Description

110V In/12V Out/ 16 Amp Power Supply with 3 Prong USA Grounded Power Cord included

Categories 110-Volt, Power Supplies - Converters

Sub-Categories 110V/12V AC/DC Power Supplies

UPC 811712020633 Unit of Measure EA

Product Information

Elevate your power supply capabilities with the RS-16A-SUPPLY, a versatile and high-performance 110V In/12V Out 16 Amp Power Supply designed to meet the diverse needs of electronic devices and systems. This robust power supply unit is equipped with a three-prong USA grounded power cord, offering a seamless and reliable power solution for a range of applications. Features: Dual Voltage Functionality: The RS-16A-SUPPLY seamlessly converts 110V AC input to a stable 12V DC output, providing a reliable power source for various electronic devices and systems. High Amperage Output: With a robust 16 Amp output capacity, this power supply can handle demanding power requirements, making it suitable for a wide array of applications, from electronics projects to powering essential equipment. Versatile Application: Whether you're a hobbyist, electronics enthusiast, or professional, the RS-16A-SUPPLY offers the versatility needed for diverse applications, including DIY projects, LED lighting setu
