Product Information

Introducing the RS-2-GW Truck and Trailer LED 2-inch Side Marker & ID Lamp, a compact yet powerful lighting solution meticulously designed to enhance both the safety and visual appeal of your truck or trailer. With a precisely engineered 2-inch round design, these radiant white LEDs bring optimal visibility, durability, and a touch of modern elegance to your vehicle. Compact 2-Inch Round Design: The RS-2-GW Truck and Trailer LED Lights feature a precise 2-inch round profile, providing a compact yet focused illumination that enhances both safety and the visual appeal of your truck or trailer. The smaller size allows for versatile placement without compromising on brightness. Dynamic White LED Technology: Harnessing cutting-edge white LED technology, these lights emit a dynamic and clear white glow. The high-intensity output not only enhances safety by making your truck or trailer easily noticeable but also adds a touch of sophistication to your vehicle's exterior. Versatile Side Mark
