Product Information

Introducing our latest innovation in lighting technology – the Rechargeable 20W 1500 Lumen White Portable Work Light! This powerful and portable work light is designed to provide you with optimal illumination in any environment, making it the perfect companion for any task or project. Featuring a sleek and compact design, this work light is both lightweight and durable, making it easy to carry and transport to any location. With its rechargeable battery, you can take it with you wherever you go, without worrying about finding a power source. It's the ultimate portable lighting solution for both indoor and outdoor use. With 1500 lumens of brightness, this work light provides incredible illumination, ensuring that you have the perfect amount of light to get the job done right. The 20W LED bulb is incredibly energy-efficient, providing long-lasting illumination without consuming too much power. This means you can keep the work light on for hours, without worrying about it running out
