Product Information

The RS-TBDL270-W is aptly named for its stealthy design, offering a high performance yet powerful lighting solution. The low-profile and compact construction ensure that this strobe light seamlessly integrates into your vehicle's aesthetics while packing a punch in terms of visibility. Don't let the compact size fool you. The RS-TBDL270-W may be small in stature, but it packs a powerful punch in terms of visibility. The concentrated white LED light ensures that your vehicle remains noticed and commands attention on the road. Sold individually. Features: • Each unit consists of six high intensity LEDs • Kelvin Color Temperature: White • Slim in-line driver/flasher; no separate controller required • 19 selectable flash patterns • Last pattern memory recall • Synchronization between multiple units • Easily replaces standard halogen hide-a-way lamps with existing 1 inch hole • Versatile application for surface mounting design or internal mounting within light assembly
