Condition New Manufacturer Race Sport Lighting EZ Category Truck Tailgate Light Bar

Harmonization Code 8512.20.2080 Universal YES Life Expectancy 30,000 hours

SEMA Product Tailgate Light Part Type ID 15288

Reverse Polarity Tailgate Light Operating Voltage 12VDC Current Draw

Wattage Chip Type IP Rating IP67 LUX

Kelvin (ColorTemperature) 3-Color Universal or Vehicle Specific Universal

Made In CN Warranty 1 year Lumens 900 Lumens Beam Pattern

Product Information

Introducing the RS120060, Race Sport Lighting's latest innovation in rear lighting technology—a 60-inch Heavy Duty Triple Row LED Truck Tailgate Light Bar. Engineered for excellence, this light bar combines powerful illumination, versatile functionality, and dynamic design elements to elevate your vehicle's rear visibility and style. With five functions, three colors, and sequential amber turn signals, the RS120060 sets a new standard for safety and aesthetics on the road. This Triple row series light bar has a row of red diodes, amber diodes, and white diodes. The Red diodes are controlled for running and brake. The white diodes function on reverse, and the Amber does a sequential running left and right turn signal. Giving you 3-colors, and 5-functions in an IP68 completely water and dust proof bar. If you are looking for a tailgate light bar that will last in rough environments, and give you maximum functions, look no further. Triple Row Diode Illumination 5-Functions: Marker, Br
