Product Information

Introducing the RS3TL008 3rd Brake Light Upgrade for 2007-2017 Jeep Wrangler JK - a sleek and powerful addition to elevate your vehicle's style and safety. This aftermarket brake light is designed with precision and innovation to seamlessly replace the stock brake light, enhancing the overall aesthetic of your Jeep. Crafted with a smoked lens for a modern and aggressive look, the RS3TL008 features vibrant red LED lights that not only capture attention but also ensure maximum visibility on the road. The dynamic combination of the smoked lens and vivid red LEDs creates a distinctive and eye-catching appearance that sets your Wrangler apart from the rest. Engineered to meet the highest standards of performance, this 3rd Brake Light is compatible with 12-24V systems, providing versatility for various Jeep models. The LED technology ensures longevity and efficiency, making it a reliable choice for off-road adventures and urban commutes alike. Say goodbye to dull and outdated brake light
