Product Information

The RS801CS 5' LED ColorSMART WHIP Light is an innovative and customizable lighting solution designed for enthusiasts who want to elevate their vehicle's aesthetic appeal. With the added feature of Bluetooth connectivity and a dedicated smartphone app, this whip light takes customization and control to the next level, allowing users to personalize their lighting experience with ease. Standing at an impressive 5 feet in height, the RS801CS whip light not only provides maximum visibility but also serves as a bold statement piece for off-road rigs, trucks, ATVs, UTVs, and other recreational vehicles. The ColorSMART technology embedded in the LED modules empowers users to create a vibrant and personalized lighting display by choosing from a spectrum of colors. This feature allows users to match the whip light to their vehicle's color scheme or switch it up for different occasions and moods. One of the standout features of the RS801CS is its Bluetooth connectivity, which opens up a world
