**Product Information**

This sleek new Jeep specific light bar kit from Race Sport Lighting offers exceptional light output with a quick, easy installation. Mounting into existing holes with minimal modification, these bars rest high or low - or both if you go with the dual bar kit - in front of your grille, allowing air flow, while increasing function and style. The blacked out faceplate also offers a more toned down look, leaving behind the chrome you find on most light bars. Race Sport Lightings Blacked Out® Series LED Light Bars are a trademarked product line that gives you extremely high LUX output and a completely black face for those doing away with the chrome. Looking for a light bar that blends perfectly with your Blacked out look? Then look no further, our Blacked Out® light bars are made extremely durable and have extremely high light output performance • 50,000 hour life span • 12-24v voltage range • Color Temperature: 6500K • Waterproof Certified: IP67 • Operation Temp: -40°C-80°C
