Product Information

Introducing the RSLG15R, a cutting-edge 36 inch LED Reverse Light Bar by Race Sport Lighting that redefines visibility and versatility. Boasting 110 watts of power, this light bar is not only a powerful reverse illumination solution but also a multi-functional lighting system designed to enhance safety in various scenarios. The 110W output ensures a brilliantly lit reverse area, providing exceptional visibility in low-light conditions. Setting the RSLG15R apart is its six-function capability. Beyond its role as a powerful reverse light, this bar offers additional functions such as sequential scanning, brake light mode, hazard mode, and more. The RSLG15R doesn't stop there—featuring an impressive selection of 18 strobe patterns. Perfect for emergency situations or attention-grabbing displays, these strobe patterns add an extra layer of safety and visibility to your vehicle. This is the perfect Reverse LED Light Bar for ATV, UTVs, and can be used on any 12 volt vehicle. Red color
