Product Information

This custom designed Peterbilt Work Light Bar complete kit comes with everything you need to install on a model 367, 379, and 389 truck. Each kit comes with a 40 inch professional grade lifetime warranty light bar built to withstand the toughest road elements. The kit also includes a Heavy Duty Wire and Switch Harness to plug directly into the light bar and run to your power system (May need additional wire to extend depending on mounting location). The kit also includes a custom fabricated extremely heavy duty water jet cut bracket that is fits all 3 models of the Peterbilt family. In addition, we have included a Blacked Out light bar cover that can easily be put on and off as required by different stat laws that you drive through. (For example, the state of Virginia requires a blacked out cover on all auxiliary lights) This light bar kit is the perfect bolt on direct system for these Peterbilt models, and will give you a tremendous amount of performance light down the road on thos
