Product Information

RGB+W High Lumen Output 316L Stainless Steel 48-Diode LED Underwater Boat Transom Light Marine Sport Lighting. This amazing new High Lumen RGB+W Multicolor Output Transom Underwater marine light can be switched to change your wake from any color that you want. Customize your wake and light up the waters behind your boat with this unique solution from Marine Sport Lighting. The transom puck is ultra thin and extremely heavy duty construction. White LED gives you the highest LUX output, but choose any other colors to create a colorful array on the waters. You get to choose.
