Product Information

Looking for increased visibility while docking your boat? Wish your boat's deck was illuminated better at night? Marine Sport® Lighting's MS-4CREE-35W LED auxiliary spots are the perfect solution for providing a blast of light wear you need it, when you need it.

Marine Sport Lighting's 4.3" round auxiliary lights feature high power CREE diodes producing 5,000 lumens of output power which means extended family activity time on the water and increased safety docking your boat when the fun is done.

The MS-4CREE-35W's is fastened with a rubber grommet and injection sealant to provide IP67 rated defense against water intrusion and environmental attack which means you can land that fish no matter the weather conditions.

We also coated the spotlight with a durable powder coat and additional anti-corrosive sealant for extra protection

Part #	1003179	Est. Labor	
Part Type ID	1005	1.00	
Gross Weight	1.800	Width	5.500
Net Weight	1.800	Height	4.250
DIM Weight	0.715	Depth	4.250
