Product Information

Stainless Steel Dual Pod 60W LED Underwater Light (RGB)

Marine Sport Lighting Stainless Steel LED Underwater boat lights function as transom lights and are also great for dock lighting. Use this durable LED boat light to add color to your wake, attract fish, or for nighttime swimming and diving. The LED housing is vibration and shock-resistant and is made from a solid piece of 316 marine-grade stainless steel with a shatterproof polycarbonate lens. These IP68-rated LED lights are completely waterproof, and intended exclusively for underwater use. The 60-Watt underwater LED boat light is designed to last 50,000 hours, operates within a wide 9-32V DC range, and uses High-Powered Cree LEDs. Installation hardware is included for surface-mounting on a variety of transom types.

Requires RGB control panel input, or pairs with our RF (MSUWRCC12V) or Bluetooth APP (MSUWBTC12V) controllers.

Beam Angle: 180°
 Rated 725-2867 Lumens
 Dimmable: No
 Wire Gauge: 16
