Product Information

Race Sport Lighting's 4 Function Plasma Tailgate Bars add style, quality, and safety to your truck.

The light bar sits at the base of your tailgate door without inhibiting the open-close functionality of your tailgate on most models.

The 4 illumination functions include: Brake, Reverse, left signal, right signal

Our LED Tailgate Bars are available in 60" and 48" to fit your bed end to end.

Our solid aluminum and polymer construction, and our state of the art components including multiple Plasma LED's, all backed by our manufacturer's Warranty, ensure you get the best quality for the truck you love.

The bar is equipped with a 36" lead cable and our flat trailer hitch wiring connector, as well as high quality 3M automotive adhesive for a fast, secure mounting without any drilling required.

If you don't have a hitch, color-coded instructions will help you through the entire process!

Race Sport Lighting's LED Tailgate Bars are the perfect mix of style, quality and safety for your tailgate.
